In order for a student/participant to self-administer medication for asthma or any airway constricting disease:

- Parent/guardian provides signed, dated authorization for student self-administration.
- Physician (person licensed under Iowa chapter 148, 150, or 150A, physician, physician's assistant, advanced registered nurse practitioner, or other person licensed or registered to distribute or dispense a prescription drug or device in the course of professional practice in Iowa in accordance with section 147.107, or a person licensed by another state in a health field in which, under Iowa law, licensees in this state may legally prescribe drugs) provides written authorization containing:
  - purpose of the medication,
  - prescribed dosage,
  - times or;
  - special circumstances under which the medication is to be administered.
- The medication is in the original, labeled container as dispensed or the manufacturer's labeled container containing the student/participant's name, name of the medication, directions for use, and date.
- Authorization is renewed annually. If any changes occur in the medication, dosage or time of administration, the parent/guardian is to notify school/program officials immediately. The authorization shall be reviewed as soon as practical.

Provided the above requirements are fulfilled, a student/participant with asthma or other airway constricting disease may possess and use the student/participant's medication while in school/program, at school/program sponsored activities, under the supervision of school/program personnel, and before or after normal school/program activities. If the student/participant abuses the self-administration policy, the ability to self-administer may be withdrawn by the school/program administrator or discipline may be imposed.
